“Sitting just down the street from Derby Hill Park, this stunning 3 bedroom, 2 bathroom split level home is all fixed up and ready for you! There have been loads of recent renovations including roof (2019), exterior paint (2019), deck (2018), furnace (2017), and newer Champion windows! The remodeled finish updates are lengthy as well (upper and lower level bathrooms, painted kitchen cabinets, kitchen appliances, stair rail, etc.). The large lot and giant backyard patio complete the package. All you need are the keys!”
